

Good afternoon

Thank you for your call and patience, I am pleased to list below some initial costs for this project as discussed together yesterday. The costs include design, proofing, manufacture and delivery of each option. I have also attached the N-viro graphic panel brochure and an example picture of each sign type for your reference as promised.

I have included some time for our studio to create the panel design for you as well, but until I have seen the amount of content you would supply and a rough idea of what you want I won't be able to discuss with my colleagues in our studio and finalise this particular cost.

Please see the three options below for your consideration:

**A2 Bowman Option C – Oak Display Sign £1007.00 + vat.**

**A2 Bowman Option C – Recycled plastic Display Sign £893.00 + vat.**

**A2 Fusilier Stainless Steel Display Sign £932.00 + vat.**

Happy to supply you a formal quotation for this if you can let me know your preference of structure?

Do let me know if you have any questions or if I can help with anything else in the meantime?

Thank you very much for the opportunity as always Sue, have a nice evening!

Craig
