

Tennis courts & LTA update

I have now completed the LTA Safeguarding training and had welfare officer designation confirmed so the Council can now use the LTA booking system for the courts.

1 court has currently been added to the booking system as a trial before adding the second. The bookings cannot be made live until the booking terms and conditions and the Clubspark website page have been prepared. A draft T&Cs document has been circulated with the agenda for consideration and I would like to propose using the layout of the Egerton Park Tennis Courts website as a template for the Battle courts. The detailed wording for the Town Council website page is attached.

Request – Could a single page sized notice board be installed by the courts to display the terms and conditions for using the courts? This would need to be installed on posts as would not necessarily be safe if affixed directly to the fencing.

The practice wall has been installed and the opening event is planned for Friday 4th June. Subject to the approval of the tennis courts booking term and conditions being agreed it is anticipated the booking system will go live on the same date.
